- All guests receive a complimentary full American buffet breakfast daily.
- All guests receive complimentary access and signing privileges next door at **The Caribe Royal** including use of the swimming pool, fitness center and charging meals to your room.

From Orlando International Airport (MCO) Buena Vista Suites is approximately 16 miles: Take 417 South (Central Florida Greenway) to exit #6. Follow to World Center Drive (do not turn right onto International Drive). After the light, they are located on the right side. Tolls will total \$2.00.

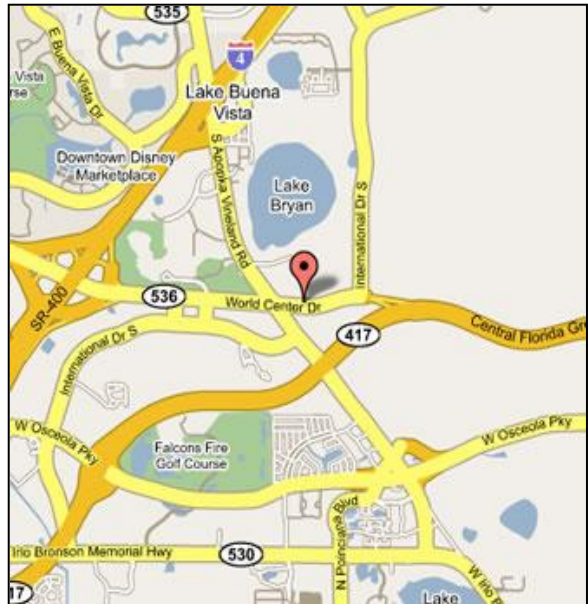

*Buena Vista Suites Orlando is located a mile and a half from **Walt Disney World®** and only minutes to **Universal Studios, Sea World** and **Orlando's famous nightlife**. Buena Vista Suites offers complimentary shuttle services to all four Disney World Theme Parks and Downtown Disney.*

*Outside of the theme parks, Orlando's main attractions are: the **Harry P. Leu Gardens**, an estate with over 2000 varieties of camellia and an 18th-century mansion; the **Orlando Science Center**, which has a gator hole and the physics-friendly **Tunnel of Discovery**; and the **Orlando Museum of Art**, which showcases Mayan archeological finds.*

*Also nearby is the **Kennedy Space Center**: There's no better place to stand in awe of the "right stuff" than the Kennedy Space Center, off the east coast of central Florida, packed with real spacecraft and*

scale models. The Kennedy Space Center is on Merritt Island, on the eastern side of the Intracoastal Waterway (better known as Indian River in Orlando).

Merritt Island National Wildlife Refuge - *Where migrating birds stop on their way to and from South America. Manatees, alligators and turtles also inhabit the refuge. The best time to visit is from October to May. Black Point Wildlife Drive, a six mile loop, is a good road for self-guided tours. A two-hour bus tour leaves from the Kennedy Space Center, taking visitors around the coast.*

Ocala National Forest - *The Ocala National Forest is a gigantic, old, established Florida park with several natural springs and lakes, and fantastic hiking, canoeing, fishing and swimming. Three major spring areas make up the park: Juniper Springs, Salt Springs and Alexander Springs. The Lake Eaton Sinkhole is 80 feet deep and 450 feet in diameter, and a staircase leads down into the hole. The Ocala National Forest is 10 miles east of Ocala, which is about 60 miles northwest of Orlando and is the best base for exploring the forest. Highway 19 runs north and south through the park and Highway 40 runs east and west. You'll need a car to get there.*
